# Essential Products

Effective April 1, 2025

## Outback Stores - Working with industry stakeholders to drive prices down on key grocery products!

Through dedication and strong commitment to overcoming price inflation, we are proud to announce that we have made significant strides in reducing prices on essential products in all the stores we manage on behalf of remote communities.

Key products such as Nappies, Flour, Toilet Paper, Milk, Weet-Bix, Oats, Shampoo and Conditioner are all now available at prices that match those in metropolitan supermarkets.

We continue to work with the federal government and industry stakeholders to prepare for the subsidy scheme commencing 1 July 2025 and look forward to refining and adding to the list of products.

Below are the products and prices in all Outback Stores managed sites as of 01/04/25 – These prices will be updated monthly to stay aligned to corporate retail pricing.
